> Hi it's me Daniel and this is chapter 6,
 please let me know if you like it ok.

>

>
 CH.6 The Hiro Saga,

>

>
 Hiro was sitting on a rock, it was about 1:00pm acording to his

>new watch, he was eating some fruit from a nearby tree. After he

was done he drank some water, checked his map, and started walking

>agian. He was moving at a steady pace not wanting to over exert

himself, up ahead the forest was beginning to thin out. It was beautiful,

>the forest was green, the sun was shining through the trees, there was
a gentle breeze blowing, and Hiro could hear the sound of a stream up

>ahead. It was like he was on a nature hike, the only difference was

there were no animals around, but thats pretty much what he expected.

>
 As he walked he let his mind wander. He was thinking of that

>summer his grandfather came to visit. Hiro and Lisa had just gotten

home from thier last day of school, as they walked through the front

>door they saw thier grandfather(Yogen) standing there waiting. They
were both suprised, Lisa ran up and hugged him, and Hiro followed.

>Yogen was an old man with little hair and he stood about 5'4" and

carried an old looking bamboo cane. Yogen smiled alot especialy at his

>grand-childeren. Latter that night over dinner Hiro's mother had told
him that his grandfather had come for a very important

reason, to train

>Hiro in the martial arts. Hiro smiled he looked at his grandfather and
said, "Really....your gonna teach me Karate?"

>
 Yogen replied (in japanese) "No.. I am going to teach you a

>special art, it has been passed on through our family for generations,
it is called Soutotsu-hookoo. It's your herritage and duty to lernn."

>
"My duty?" asked Hiro.

>
"Yes as my only male heir, it falls upon you to to pass it to your

>childeren." said Yogen "We will begin in the morning."

> And the next day they did. The training was harsh, by lunch

time Hiro was exsausted, they stopped long enough to eat then continued.

>It was at that time his best friend in the whole world showed up. His
name was Troy Bismark, he was a black kid, and Hiro's friend sence he

>could remember, he was the same age as Hiro, though he was a few inches
shorter. Hiro's mother told Troy that Hiro was in the back yard and

>when he whent out back he saw Hiro standing with his knees bent, and
his arms strait out in front of him. After Hiro explained that his

>grandfather was training him in the martial arts Troy said "Cool!"
and wanted to learn to, Hiro asked his grandfather who said that it was

>forbiden for him to teach anyone outside the family. But if Troy wanted
then he could help Hiro in his training and if he realy was serious

>about learning he would. But he had to ask his dad first, Troy was so
happy and after Troy begged his dad he got permission and Hiro gained a

>sparing partner.

> It was late afternoon, up ahead Hiro saw the temple, "Hey there
it is." he said as he started walking faster. But as he got within a

>hundered yards of the temple Kuwagamon sprang up out of the ground in
front of him, Hiro jumped back in surprise. "What the-" started Hiro as

>he dodged one of the digimon's arms. "Theres just no getting rid of you
is there!" At that point Hiro noticed somthing different,there was a

>small creature on top of Kuwagamon's head, it was round, black, and it
spoke to him, "You pathetic humman, I'm Kagemon and I'm here to make

>sure you don't get the Soulgem, Dark Bubble!" it spit a black sphere
at Hiro. Hiro dodged it but got back handed by Kuwagamon. Hiro flew

>about ten feet before he hit the ground rolling. He quickly got up as
Kuwagamon charged, trying to catch Hiro with it's pincers, at the last

>moment Hiro jumped strait up as high as he could, which to his suprise
was about twenty feet. Hiro quickly used this to his advantage, as he

>came down he focused his energy, "KYA!" he yelled as he planted both
feet into Kuwagamon's head, crushing the Kagemon in the process.

>As he landed his attack the golden light flared at the point of impact,
destroying the Kagemon and sending Kuwagamon to the

ground hard. Hiro
>jumped from the digimon's head, activating the cloaking program,
and
started running for the temple. He was not more than thirty
yards from
>the temple when Kuwagamon got up. Hiro froze in his tracks and
turned
around, Kuwagamon was looking around, *I hope this thing
works* Hiro
>thought to himself. He could tell that the digimon was very upset,
and
after a minute he flew away.
>
 When the digimon was out of site Hiro walked to the temple,
once
>inside he pulled off his pack and slumped down. "Man that was
extream!"
he said to himself as he drank from his canteen. "What
did that thing
>call itself....Kagemon?" Hiro started to input the name into his
watch,
after he finished he saw it's picture on the small display.
It was
>black, with red eyes, six tiny legs, and a scorpion like tail. "hmm

Kagemon, a shadow type digimon, level:in training, class:virus,

>attacks:dark bubble, abilities: can meld into shadows, and can use
it's
tail to take control of other digimon....So that explains
Kuwagamon."
>
 After he studied the digimon he looked around, it was dark in

>the temple. As Hiro let his eyes adjust to the darkness he saw a
faint
glow up ahead, he approached carefully. When he got closer he
saw an
>alter with a couple of statues on it, there was another on the ground

broken, and on the ground in front of the alter was...the Soulgem.

>"I found it...Cool!" he said. As he picked it up the light flared
then
disappeared " Uh...okay." he looked at it more closely, it was
attached
>to a chain by a dragon's claw "cool." he said as he shrugged and put
it
in his pocket. Then he looked at the alter, and the statues,
one was
>an angel with it's hand held out in front of it, the other was a large

bird with it's wings spread, and the one on the ground was
another
>angel. "hmm well the bird looks like a phoenix, and it looks like
the
two angels were holding the Soulgem out to it. hmm what's
this?" said
>Hiro as he inspected the alter's front. There was an inscription on
it,
but Hiro couldn't read any of it. "It looks like the writing
on
>Gennai's computer, I bet he could read it." Then Hiro remembered
the
watch, "Gennai said to contact him by pushing the red button."
Hiro
>said as he pushed it. He heard a few beeps then nothing. Remembering

that Gennai said he would get back to him Hiro decided to wait
there,
>so he sat in a corner, pulled out the Soulgem, and looked at it
through
the remaining day light.
>

>
 If you have read this far then I'm sure you caught

 away to
future events. You will hear more about it

>

> Hi there it's me again and here is ch.7 of,

>
 Digimon - The Hiro Saga
>

>

>
 It was dark now, Hiro went out side the temple long enough to

>gather food then hurried back in. He sat in the dark eating, he
would
have built a fire except it was a warm night and he didn't
need to cook
>his food so the fire would only have attracted attention.

> Hiro thought back to his friend Troy, Troy and him had grown up

together(with lisa never far behind). They spent most thier free
time
>training, it was like a game to them, each would look for a gap in
the
others defense and when found would point it out with a full
force
>attack. They even had a moto for this "No harm no foul, No foul no
fun."
Lisa was always around Troy and Hiro.(her favorite art
subjects)
>
 Troy had grown from a little black kid into a 5'6" mound of

>muscle(copared to the 6'- Hiro). How ever he was also cursed,
every
day at school he was forced to run from his own fan club of
teenage
>girls. Hiro figured thats what he deserved for being the star
quarterback
of the foot ball team. But despite Troys curse he was
without a
>girlfriend and Hiro new why, Troy was secretly in love with
Lisa.
Hiro new this because somtimes when they spared Troy would
be
>distracted by Lisa and Hiro would gain a point.

> He was begining to miss his friendand sighed,

>Hiro: "I wish Troy was here."

> He just leaned back and closed his eyes. A moment later
the
Soulgem(which he was now wearing) started to glow, Hiro opened
his eyes
>as a beam of light shot into the air and then disapeared.

>Hiro: "Whoa that was weird."

> But he spoke too soon as the entire temple filled with
light,
then a hole opened in the air about five feet off the
ground and a
>duffle bag followed by a person fell out then the light was gone
again.
Hiro was already up and moving, he ran over to the
peson...it was Troy!
>
 Troy was unconcious, he was dressed is a black "T" shirt and

>boxer shorts, Hiro guessed he was in bed before he was brought
here.
But worse Hiro belived it was his fault. Hiro tried to wake
his friend,

>he slapped him on the cheeks a few times but got no response. Hiro just
>shook his head, then...he punched him...hard. Troy woke up
gasping as
>he held his stomach.

>Troy: "Hey man...WHY did you do that!" Troy was about to return the

favor.
>
Hiro: "You wouldn't wake up."
>
Troy: "You know I hate when you wake me up that way."

>
Hiro: "Sorry...but uh look around."
>
Hiro pointed around the temple and Troy followed with his eyes.

>
Troy: "Huh? Hey where's my room.....Where am I!"

>
Hiro: "Just be quiet and let me explain. Ok?"
>
Troy nodded and Hiro began to explain every thing that had

>happened to him, the past couple of days, the digiworld and
digimon,
the digidestin, Gennai, the rip, Hiro's new found powers,
and him
>wishing Troy was there. Troy listened carfully and didn't say a word

until Hiro was done. Then he spoke up,
>
Troy: "So let me see if I get this right...you used that gem
thing to
>wish me here(in my boxers) to help you fight giant digimon things
and
seal some dimensional rip that has a creature in it thats
trying to
>kill you!" Troy was begining to raise his voice.

>Hiro: "Yeah...Thats just about it."

>Troy: "well.....sure why not, I got nothing better to do but....
do
you have some clothes I'm in my boxers after all!"

>
Hiro: "Well isn't that your gym bag over there, it should have
your
>fighting clothes in it."

>Troy: "Huh? oh yeah."

>Troy reached over and opened the duffle bag, he pulled out a

yellow karate gi and a pair of worn shoes and put them on, then
he
>stood up.

>Troy: "So do I get cool powers too?"

>Hiro: "Well sence your here and your not a digidestin...I guess,
hold
on let me check somthing?"
>
Hiro checked his digianalizer and found Troy,
>
Hiro: "Here we are...yup Troy bismark human-digi conversion #2.
It looks
>like your like me."

>Troy: "Cool!...so what powers do I have?"

>Hiro: "It dosn't say...but I think that for me if I focuse my
energy
I can make my attacks do much more damage, you know
(kya)...and I can
>jump like 20ft straight up."

>Troy: "Hhhmmm....Cool you want to practice?" Troy got into a
fighting
stance.
>
Hiro: "No I'm too tired right now maybe tomarrow, we should get
some
>rest." Hiro rolled out his sleeping bag.

>Troy: "Man I'm too pumped up to sleep!"

>Hiro: "Good than you can keep watch, wake me up if anything happens
ok."

>Troy: "Yeah ok."

>Hiro: "Oh by the way you wouldn't happen to have my sunglasses would

you?" He asked as he was laying down.
>
 Troy reached into his bag,
>
Troy: "sure thier right here I was going to give them back to
you
>tomarrow anyway."

> Troy handed hiro a pair of sunglasses, they were round with
red
lensses and black frames. Hiro put them on then rolled over
and went to
>sleep.

> It seemed as if Hiro had just closed his eyes when Troy
sudenly
shook him.
>
Troy: "Hey Hiro wake up, your watch is talking!"
>
 Hiro looked around, it was morning already.
>
Gennai: "Hello...Hiro?"
>
 The voice came from his watch, Hiro held up his wrist.

>
Hiro: "Uh hello...Gennai is that you?"
>
Gennai: "Yes it's me, could you please push the red button?"

>
Hiro: "ok."
>
 Hiro pushed the button and jumped back in suprise as a

>holograhm of Gennai apeared from the watch.

>Troy: "Wow...Cool! Is that Gennai?"

>Gennai: "Huh..who's that Hiro?"

>Hiro: "Oh this is Troy he got here last night."

>Troy: "Yeah Hiro used the Soulgem thingy to wish me here."

>Gennai: "Oh so you found the Soulgem, good work."

>Hiro: "Thanks but now what do I do with it...and does it usualy
grant
wishes?"
>
Gennai: "I belive it only gives you what you realy need. And as
for
>what you do with it, you need to traval to the rip and seal it."

>Troy: "So where is this rip anyway?"

>Gennai: "I'm down loading the position to the map now."

> Hiro pulled out the map, he could tell where they were and
where
the rip was by two blinking red lights. Troy looked over his
shoulder,
>
Troy: "So how far is it from here?"
>
Hiro: "Well if I understand this right it should take
about...four days
>to reach."

> Hiro looked to Gennai"

>Hiro: "So Gennai did you descover anything usefull about the
creature
in the rip?"
>
Gennai: "Well I found out that he's not a digimon, he's an
ancient
>demon banished from your world, and his name is Kuukan, plus he is

creating his own army of evil digimon."
>
Troy: "oh is that all?" Troy said with sarcasim.
>
Hiro: "So why is he in the digiworld?"
>
Gennai: "I don't know, it has somthing to do with the Soulgem
though."
>
Troy: "So where are the Digidestin?"
>
Gennai: "thier fighting the dark masters, they just defeated the
third

>one today so that leaves Piedmon."

>Troy: "Ok well when thier done with him ask them to help us out,
after
all if this Kuukan is building an army then the two of us
alone don't
>stand too good of a chance."

>Gennai: "I'll tell them, in fact I was on my way to help them right

now."
>
Hiro: "I thought you said that they were too far away to help?"

>
Gennai: "For you yes, but not for me
>
Hiro: "Okay...well before you go could you translate this
inscription
>on the alter for us? It might have a clue on how to use the
Soulgem."

>Gennai: "Well let me see it."

> Hiro walked over to the alter, placing Gennai in front of it.

>Gennai: "Well lets see.....It's a prophecy, it speeks
of
a holy trinity that stands agianst the darkness, then of a
champion who
>will emerge to accept his destiny and battle the demon of the
void."

>Troy: "So does the champion win?"

>Gennai: "Well thats the problem with prophecies, they always leave
out
the best parts. Well I have to go now...Bye."
>
 The image of Gennai fades. After a moment of sience Troy
speaks,
>
Troy: "Well that was fun....so when do we eat?"
>
Hiro: shakes his head smiling, "Come on."
>
 They both gatherd thier things then left the temple and started

>walking. On the way Hiro points out a fruit tree to Troy.

>Hiro: "These are good ones here."

>Troy: "Good I'm starving, hey Hiro watch this!"

> Troy sudenly drops to one knee and jumps up to one of the
tree
branches then turns around.
>
Troy: "Ta daa!" Troy bows "While you were sleeping I was
practicing,
>isn't this cool?"

>Hiro: "Yeah...well Gennai said that alot of powers would surface
in
time, so maybe some training would be a good idea. But I don't
think
>we have the time for it."

>Troy: (Gulps down a piece of fruit) "So we are just gonna have too

train on the way."
>
Hiro: "Ok but first how about tossing me some of that fruit?"

>
Troy: "Why don't you come up here and get some for yourself?"

>
Hiro: "Ok why not."
>
 Hiro drops to one knee and jumps as high as he can, but he ends

>up over shooting the branch all together.

>Troy: "Ha ha ha, Try agian but this time try a little more control
ok?"

>Hiro: "Ok."

> Hiro trys agian and this time he aims a little low but
manages
to grab the branch and swing up.
>
Hiro: "Wow...this is fun, imagin the attacks we could pull off

just
>being able to jump so high."

>Troy: "Tell me about it."(Gulps down another piece of fruit)

> They both ate their fill, Troy packed some for later and they

both jumped down.
>
Troy: "So shall we begin?"
>
Hiro: "Yeah lets get going."
>
Troy: "Which way?"
>
Hiro: (checking the map) "That way."
>
Troy: "Ok" He plants his feet, "On your mark, get set, GO!"

>
 They both start running through the forest, dodging trees,

>then Troy jumps up to a tree branch and starts vaulting from branch
to
branch. Hiro sees this and follows suit. And that's how they
traveled.
